VANCOUVER
FEBRUARY 21 & 22, 2018

2 Day Child & Youth Focused Workshop

BULLIES: THEIR MAKING & UNMAKING

VANCOUVER
FEBRUARY 23, 2018

Gordon Neufeld, Ph.D., is a Vancouver-based developmental psychologist with over 30 years of experience with children and youth and those responsible for them. He is a foremost authority on child development, an international speaker, a bestselling author (*Hold On To Your Kids*), and a leading interpreter of the developmental paradigm. Dr. Neufeld's professional experience includes years of working with violent young offenders and thousands of consultations regarding youth with aggression problems. His style is dynamic, his approach is refreshing, and his effect is to affirm intuition.

WORKING WITH AGGRESSIVE & VIOLENT CHILDREN AND YOUTH

VANCOUVER | FEB 21 & 22, 2018 | 9AM - 4PM
Jewish Community Centre | 950 West 41st Ave

Aggression problems are deeply rooted in instinct and emotion and are therefore resistant to conventional discipline practices. Dr. Neufeld uncovers these roots and outlines steps to addressing them. His rich professional experience with aggressive children and violent youth informs this refreshing approach to an age-old problem. The principles apply to children of all ages and all settings: home, school and treatment. One of the foremost interpreters of the developmental approach tackles one of the oldest and most perplexing of human problems, exposing its deep developmental roots and revealing why conventional approaches to the problem are so ineffective. 🌱

LEARNING OBJECTIVES

1. Uncover the psychological roots of the aggression problem
2. Recognize aggression in its many forms
3. Provide a working model of aggression for purposes of assessment and intervention
4. Appreciate the roots of the gender differences in aggression
5. Learn to 'read' aggression effectively
6. Reveal the role of the limbic system and the prefrontal cortex in aggression
7. Differentiate between incident management and developmental progress

WORKSHOP AGENDA

Frustration, Attachment & Aggression

- » A working definition of aggression
- » The many faces of aggression, including suicide

Tears, Temper and Attack

- » Aggression as problem of adaptation
- » Impulsiveness, integration and the aggression problem

Handling and Reducing Incidents & Violence

- » Why conventional approaches backfires with aggression
- » Why consequences and time-outs are counterindicated in the treatment of aggression

Facilitating Alternate Outcomes to Aggression

- » How to shift the focus from aggression to frustration
- » How to foster a relationship with frustration

BULLIES: THEIR MAKING & UNMAKING

VANCOUVER | FEB 23, 2018 | 9AM - 4PM
Jewish Community Centre | 950 West 41st Ave

Once we understand how bullies are made, our attempts to unmake them can be truly effective and long-lasting. Most prevailing approaches to this problem assume that bullying is either learned behaviour or the result of failure to acquire social skills. In contrast, Dr. Neufeld dissects the bully syndrome to reveal its deep instinctive roots in the dynamics of attachment and vulnerability. Most attempts to change bullies, or even to teach them a lesson, are not only futile but counterproductive. The reason for this is that most interventions are blind, devoid of an understanding of what makes a bully in the first place. Part of the problem is that the bully is an enigma. 🌱

LEARNING OBJECTIVES

1. The primary objective of this course is to make sense of the bully from inside out, and from this foundation of insight, prepare the way for change
2. Provide a working definition of bullying that will enable participants to recognize the bully dynamic in its myriad manifestations and across a multitude of settings
3. Make sense of the bully from inside out and from a foundation of understanding, to outline the steps required for lasting change
4. Create an understanding of the role of escalating peer orientation and of current parenting practices in fostering the bullying dynamic

WORKSHOP AGENDA

Introduction

- » How bullies are begotten: the overview
- » Bullying rooted in instinct and emotion
- » Bullying as alpha instincts gone awry

The Bully's Vulnerability Problem

- » The making of the bully's vulnerability problem
- » The traits deriving from the vulnerability problem
- » The bully and immaturity

The Bully's Attachment Problem

- » The making of the bully's attachment problems
- » The traits deriving from the attachment problems
- » The union of the two problems - attachment and vulnerability

Challenges In The Unmaking Of Bullies

- » Bully behaviour - the tip of the iceberg
- » What doesn't work
- » The unmaking of bullies

GORDON NEUFELD, PH.D.

3 DAY OPTION

“I have no words to express my appreciation to Gordon Neufeld and to Hirose for bringing this valuable, life-changing information. The material taught resonates professionally and personally too. Thank you!”

“Fantastic presentation, informative and valuable for me personally and professionally. Gordon is brilliant and engaging. Very happy to have attended today.”

“Helped me gain more knowledge about my students, the people around me and myself.”

“Thank you, and yes, you are changing the world. Maybe not as fast as you want, but you changed my world this week, and you can be sure that I will be using what I've learned to change the lives of many others!”

1 or 2 DAY(S) | CHILD & YOUTH FOCUSED | 6 or 12 CEUs

Early Bird Deadline: February 7 & 9, 2018

WHO SHOULD ATTEND

- K-12 Teachers, School Counsellors/Psychologists, Learning Assistance/Resource Teachers
- School Administrators, School Paraprofessionals including Special Education Assistants, Classroom Assistants and Childcare Workers
- All other professionals who support students with behavioural challenges and complex learning needs including but not limited to: Nurses, Social Workers, Psychologists, Clinical Counsellors, Family Therapists, Occupational Therapists, Speech Language Pathologists, Addiction Counsellors, Youth Workers, Mental Health Workers, Probation Officers and Community Police Officers.

AUTISM SPECTRUM DISORDER

Effective Strategies and Interventions with Children & Adolescents

VICTORIA | THURS, APRIL 19, 2018 | 9AM - 4PM Sandman Hotel | 2852 Douglas St
VANCOUVER | FRI, APRIL 20, 2018 | 9AM - 4PM Jewish Community Centre | 950 West 41st Ave

In this hands-on seminar you will discover what it is like to have a brain with autism. Once you experience the difference between a typical brain and a brain with autism, you will be able to design more effective and successful interventions that lead to successful independence into their adult years!

Join autism expert and author, Cara Daily, PhD, and learn how to integrate the latest research on brain development in your work with children with autism (0-19 years). You will walk away with **up-to-date behavioural strategies to teach new skills and behaviours** related to co-occurring deficits such as:

- Social-Communication
- Sensory
- Anxiety/Rigidity
- Oppositional Defiant Disorder
- Meltdowns Depression
- Psychotropic medications
- Social-Pragmatic Language Disorder
- ADHD/Executive Functions

1 Day Child & Youth Focused | 6 CEUs | 9am - 4pm

WORKING WITH OPPOSITIONAL, DEFIANT & ANGER ISSUES in Children and Adolescents

KELOWNA | TUESDAY, MAY 15, 2018 | 9:00 AM - 4:00 PM
Kelowna Ramada Hotel and Conference Centre | 2170 Harvey Avenue

Children diagnosed with Oppositional Defiant Disorder (ODD) can present a monumental challenge to therapists, teachers, parents and siblings. ODD and other conduct problems are the single greatest reasons for referrals to outpatient and inpatient mental health settings for children, accounting for at least half of all referrals. Complicating the success of therapeutic interventions is the high rate of comorbidity with anxiety and depressive disorders or ADHD.

Current research also correlates a variety of cognitive skill deficits including executive function, emotional regulation, language processing, and social processing. These complicating comorbidities and correlations mean that ODD often requires multidisciplinary assessment and components of mental health care, case management, and educational intervention for clients to improve.

This dynamic workshop will address a full range of behavioural disturbances, from mild to severe, in order to identify the therapeutic techniques that have

- Obsessive-Compulsive Disorder
- Self-Help Skills

Through dynamic discussion using dozens of case studies, video examples and experiential exercises and activities you will learn new strategies for treating autism, **maintaining and generalizing positive behaviours**, the ins and out of **functional behavioural assessments** and how to **problem solve challenging behaviours** with this population.

Learning Objectives

1. Screen and diagnose autism spectrum disorders using DSM-5® and ICD-10 updates
2. Differentiate between abilities that are intact versus impaired in the brain with autism
3. Compare and evaluate empirically validated strategies for children with autism
4. Identify the best time to teach a new behavior.
5. Utilize appropriate social communication strategies to teach new behaviors

proven effective. Participants will review and discuss strategies which can be immediately applied across a variety of settings including home, community, social groups, classrooms, or therapeutic.

Participants will examine the intersection of ODD with a variety of issues such as trauma, ADD, learning disabilities, bipolar disorder, and depression and discuss how these affect and alter treatment decisions. Participants will leave this workshop with a much improved diagnostic and treatment approach to ODD and other behavioural disorders.

Benefits to Attending

- Beyond behaviour charts - Truly intervene with difficult behaviours
- Disruptive Mood Dysregulation Disorder & important DSM-5 updates
- The #1 reason families inadvertently fuel defiant behaviours
- How staff and clinicians may be fueling exactly what they are trying to stop
- Why child/adolescent "terrorist behaviours" work

CARA DAILY, PH.D.

Cara Marker Daily, Ph.D., BCBA is a licensed psychologist and Board Certified Behavior Analyst with over 20 years of experience providing assessment and treatment for children, adolescents and young adults with autism in the home, school, hospital and community settings. She works directly with educators, speech/language pathologists, occupational therapists, BCBA's and other professionals. Dr. Daily is the president and training director of Daily Behavioral Health, a leading behavioural health provider in Ohio.

1 DAY | CHILD & YOUTH FOCUSED | 6 CEUs

Early Bird Deadline: April 5 & 6, 2018

JAY BERK, PH.D.

Jay Berk, Ph.D., is a licensed clinical psychologist and an internationally recognized expert in the child/adolescent behavioural field who brings both a clinical and education perspective to his work with children, adolescents and their families. Dr. Berk has been treating clients with ODD, ADHD, autism, anxiety and stress, depression, learning disabilities, Tourette's Syndrome and individuals who have Autism Spectrum Disorder. He conducts 15 social skills/mental health groups for children and adolescents and works daily with school and community professionals, families and parents.

1 DAY | CHILD & YOUTH FOCUSED | 6 CEUs

Early Bird Deadline: May 1, 2018
